

HKAAPA 5G Experience at sky100 Hong Kong Observation Deck and Back of the House Tour of ICC on 15 July 2021

A guided tour of the “5G LAB @ sky100” and a back of the house tour of ICC was organized for HKAAPA by sky100 on 15 July 2021.

Participants experienced first hand the technological breakthrough brought by 5G in various business, industrial and consumer areas, with live demonstrations. Participants enjoyed the presentation on the unique design features of ICC, and the back of the house tour of the 118-floor building.
